SECTION 3 - Good Food Management Practices to Prevent Unsanitary Conditions

		IN	OUT			NA
24	Acceptable personal hygiene practices, clean outer garments, proper hair restraints used. Living quarters and child care completely separated from food service.	■	<input type="checkbox"/>			<input type="checkbox"/>
25	Non-PHF and food storage containers properly labeled and dated as required. Food stored off the floor when required. Non-PHF/TCS not spoiled and within shelf-life. Proper retail storage of chemicals.	■	<input type="checkbox"/>			<input type="checkbox"/>
26	Facilities for washing and sanitizing kitchenware approved, adequate, properly constructed, maintained and operated.	■	<input type="checkbox"/>			<input type="checkbox"/>
27	Appropriate sanitizer test kits provided and used. Equipment and ware washing thermometer(s) are required. Wiping cloths and linens stored and used properly.	■	<input type="checkbox"/>			<input type="checkbox"/>
28	Small wares and portable appliances approved, properly designed, in good repair.	■	<input type="checkbox"/>			<input type="checkbox"/>
29	Utensils, equipment, and single serve items properly handled, stored, and dispensed.	■	<input type="checkbox"/>			<input type="checkbox"/>
30	Nonfood contact surfaces and equipment properly constructed, installed, maintained and clean.	<input type="checkbox"/>	■			<input type="checkbox"/>
31	Restrooms, mop sink, and custodial areas maintained and clean. Premises maintained free of litter, unnecessary equipment, or personal effects. Trash areas adequate, pest proof, and clean.	<input type="checkbox"/>	■			<input type="checkbox"/>
32	Facility in sound condition and maintained (floors, walls, ceilings, plumbing, lighting, ventilation, etc.).	<input type="checkbox"/>	■			<input type="checkbox"/>

TEMPERATURE OBSERVATIONS

CT = Cooking temp. HH = Hot Holding temp. CH = Cold Holding temp. RH = ReHeat temp. TC = Time as Control temp. COOL = Cooling temp.

Item	Location	Measurement	Comment
ground beef		41.00 F	CH
pork		38.00 F	CH

VIOLATIONS, OBSERVATIONS AND CORRECTIVE ACTIONS

Item No	Observations & Corrective Actions
	Active roach infestation observed. Multigeneration roach infestation observed. In October's pest control report, it was noted that there was lots of debris. Institute aggressive pest control measures to eradicate pests.
1	Violation: Time used as a control without written procedures available on site. Inspector's Observations: No written procedure while using time-as-a-control. Corrective Action: Always follow a verifiable, written procedure for time as a control. Provide documentation of procedure used.
11	Violation: Preventing food & ingredient contamination. Inspector's Observations: Raw ground beef refrigerated over ready to eat vegetables. COS. Relocated as required. Corrective Actions: Store as required to prevent cross contamination. 3-302.
15	Violation: Handsink is not stocked appropriately. Disposable towels not available or provided as required. Inspector's Observations: Handsink by sandwich making station with no paper towels. Corrective Action: Provide adequately stocked handsinks. Provide paper towels. 5-202
16	Violation: Pests observed in facility. Inspector's Observations: multi-generational roaches observed scurrying around. Corrective Action: Institute effective pest control measures to prevent the entry of pests and eliminate the presence of any observed pest activity. 6-501.17
23	Violation: Prepared foods in facility not labeled with a use by date consistent with the shortest expiration date on ingredients not to exceed 7 days from the date of product preparation. Inspector's Observations: Prepared foods in refrigerator not dated. Corrective Action: Date label foods prepared on site or open food products stored in facility for 24 hours or more. Violation: Food produced onsite and sold for consumption off premises is not labeled or is not labeled properly (in English). Inspector's Observations: prepackaged "grab and Go" food not labeled. Corrective Action: Remove products not labeled in English from sale/service. All food must be labeled properly. 3-602
30	Violation: Portions of equipment such as equipment doors, handles, covers, and panels are missing, dirty or in disrepair. Inspector's observations: fridge door handles very soiled. Corrective Action: Maintain clean and in good repair. Violation: Portions of equipment such as equipment doors, handles, covers, and panels are missing, dirty or in disrepair. Corrective Action: Maintain clean and in good repair. 4-440
31	Violation: Equipment or items not needed for operation of facility stored on the premises. Inspector's Observations: Extra equipment not being used cluttering storage area. Corrective Action: Remove unnecessary equipment. 6-501
32	Violation: Dirt and debris accumulated on floors. Inspector's Observations: Accumulation of grease and food debris under equipment. Corrective Action: Maintain clean and in good repair. 6-5 Violation: Walls are in disrepair. Inspector Observation: holes in walls and base covers detached. Corrective Action: Maintain clean and in good repair. (Chapter 5; 6-1; 6-2; 6-3;)

Overall Inspection Comments:

Closure for Imminent Health Hazard. Roach pest infestation observed.

Imminent Health Hazard self-closure reviewed.

Encouraged filling out survey.

Food establishment regulations (2010) and educational materials available at www.SouthernNevadaHealthDistrict.org/ferl

Section 1 Demerits	5	0 to 10 demerits = A (Identical consecutive critical or major violations shall be downgraded to next lower grade.) 11 to 20 demerits or identical consecutive critical or major violation = B; Re-inspection after 15 days, or sooner if requested. Inspection must result in 10 demerits or less, with no identical repeat critical or major violations. Failure on re-inspection will result in a "C" grade with associated fee and may require a supervisory conference. 21 to 40 demerits = C; Re-inspection after 15 days, or sooner if requested. Inspection must result in 10 demerits or less, with no identical repeat critical or major violations. Failure on re-inspection will result in a closure of the facility with associated fee and may require a supervisory conference. 41 or more demerits = Closure or Imminent Health Hazard requiring closure; All food activities must remain suspended until approved by Health Authority. Re-inspection upon operator request must result in 10 demerits or less, with no identical repeat critical or major violations. Failure on re-inspection will result in continued closed status with associated fee and may require a supervisory conference.
Section 2 Demerits	12	
Total Demerits	17	
Initial Inspection Grade	Closed	
<input type="checkbox"/> This grade resulted from a repeat critical or major violation.		
Reinspection Fee:	\$716.00	
Fee required to be paid within 10 business days or prior to reinspection		Inspector name: Al Fuen-Su Sang-Chian

You may discuss the contents of this report with the department by contacting the supervisor at the Environmental Health office indicated on page one of this report. Until such time as a decision is rendered by this department, the contents of this report shall remain in effect; and 2) Acknowledges that this inspection report will be distributed by either email, fax, or postal delivery (of your choosing) within 1 business day.

Your inspection experience is important to us! Please provide us with feedback regarding your most recent inspection by taking this 3-minute anonymous survey. The survey can be found at <https://www.surveymonkey.com/r/SNHDEH>

What should I do if an imminent health hazard occurs at my food establishment?

Immediately notify the health district and voluntarily discontinue operations. The health district will discuss the hazard with you and may approve a contingency plan. {8-204.12(f)}

If you fail to notify the health district and continue operations during an imminent health hazard, you will be issued a cease and desist order. You will also be assessed fees and required to pass an inspection, with fewer than 10 demerits and no identical repeat critical or major violations prior to reopening.

If your facility is closed for excessive violations with a history of non-compliance, including repeat critical or major violations, you may be required to attend a supervisory conference before an inspection to reopen the facility. Additionally, you will be required to pay all applicable fees before the inspection.

When in doubt, contact the health district food inspection operations office that inspects your establishment.

What is an imminent health hazard? Examples include, but are not limited to:

- Fire
- Flood
- No hot water
- No water
- Power outage
- Inadequate refrigeration
- Sewage backup
- Misuse of poisonous or toxic materials
- Onset of a suspected foodborne illness outbreak
- Pest infestation
- Gross unsanitary occurrences or conditions, or other circumstances that may endanger public health

Please contact SNHD if you encounter an imminent health hazard at one of the following numbers:

- **Food Operations General Contact Number**
 - **702-759-1110 Desk**
- **Larry Rogers - Food Operations Manager**
 - **702-759-0837 Desk**
- **Jackie Reszetar - Environmental Health Director**
 - **702-759-0590 Desk**

If a hazard occurs outside our regular business hours, call our 24-hour phone number (702) 759-1600, choose the Environmental Health option and then press '1' to speak with an after-hours inspector.
